Sheet Material Cut to Size

CUTTING

EDGING

Range of Wood and Plastic Edging

We have a comprehensive range of edging for your cut boards. We stock 0.5mm and 2mm thick edging available in Real Wood and Plastic. We can also supply special finishes and colours on request.

Our Edgebander produces a professional clean finish. A 2mm radius is created when using 2mm thick edging and we are able to edge boards from 6mm up to 44mm*

*excludes 2mm edging

Top - 2mm Plastic. Middle - 0.5mm Real Wood. Bottom - 2mm Real Wood.
