Cutting & Edging Services

We've got it covered!

We provide a full Cutting & Edging (Lipping) service on all Sheet Materials purchased from us.

Give us a ring for more information and pricing. Then just simply email or fax your Cutting Sheets over to us...

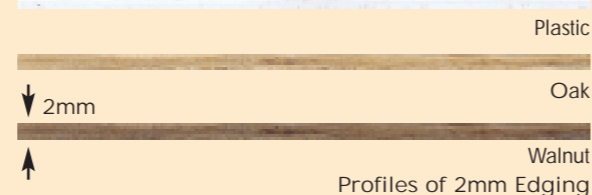

Sheet Material Edged from as little as... £1.18 a metre
price based on 22mm White Melamine. Min quantity 100mtrs

Real Wood: Our real wood edging uses a 0.5mm cut of hardwood. These are quality rolls of edging, perfect for that authentic look. All species are pre-glued and unfinished.

Melamine: Our range of melamine comes in the most widely used colours and wood grains.

2mm Edging: Our 2mm thick Plastic edging is a durable long lasting edging suitable for desks, tables and wardrobes. The real wood version is a solid cut of hardwood, which is a lot stronger than the standard wood edging and allows for a rounded edge to be applied. (We automatically produce a rounded edge when we apply this edging to Sheet Material)
